

The Santa Cruz Police Department is now reporting UCR CIBRS/NIBRS per DOJ/FBI recommendations. CIBRS/NIBRS is a point in time report, which is continuously updated until the final numbers are reported to DOJ/FBI early the following year. Some reminders when reviewing the data:

→The hierarchy rule no longer applies*, and up to 10 offenses are reported per case - this means we are potentially reporting higher counts in each offense category. For example, previously a case where there was a rape and a robbery, SCPD would report only the rape. In the new system SCPD would report both the rape and the robbery (up to 10 offense types per case).

→These numbers update as crimes are reported or once case dispositions change (point in time data)

*Hierarchy Rule: When multiple offenses occur in a single case, only the most serious offense is counted in UCR Summary Reporting System. In CIBRS, however, some offenses are mutually exclusive. Example: a robbery will not also count a purse-snatching. The offender may be charged with both, but DOJ would only count the robbery offense in our totals.
